### CRITERION I – CURRICULAR ASPECTS

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Though the college follows the curriculum prescribed by the Mahatma Gandhi University, it ensures effective curricular delivery through a well-planned and documented processes shown pictorially and enumerated below. Preparation of Academic Calendar 1. This is framed by the Activity Integration and Monitoring Cell (AIMC) of the college. 2. This takes into account the University calendar, and all activities that are planned to be conducted in the ensuing year. Subject Allocation to Faculty 3. Faculty is given a link in Moodle to give their options based on their interest and preference. 4. Based on the expertise, previous University results, and work load of the individual teachers, subjects will be allocated to the faculty, keeping in mind their individual choices. Course Plan Preparation by Faculty 5. Before the academic workshop, each faculty is expected to prepare his course plan. 6. This will include complete details of his / her teaching plan to include prescribed and recommended reading, additional reading, method of grading, activities planned etc besides the complete teaching plan 7. Before commencement of the academic year, an academic work shop will be conducted to chalk out action plans for course delivery, in which course plans already designed by the faculty, will be approved by the faculty council after careful scrutiny. 8. This is a three-day program for review of performance of the previous year. 9. Experts from academics and industries are invited to assist us to develop curriculum deliverables more in tune with current industry needs. 10. Gaps in curriculum syllabus will be identified. In order to bridge the gap between the university syllabus and the latest trends in the industry, we offer add-on courses. Uploading of Course Plans and Study Material on CMS 11. Each faculty is required to upload the approved course in the Course Management System (Moodle). 12. Just below the course plans relevant resources like articles, teaching notes in Word or PDF, PPTs, links to e-journal articles and cases, links to digital library resources and streaming videos etc will be listed.

Commencement of Course Delivery as per Schedule 13. Faculty will commence their course delivery as per the schedule. 14. This is continuously monitored by the Principal through weekly interactions with the concerned faculty, through feedbacks, class visits and interaction with students. 15. This is also monitored by the Principal by means of a Moodle Audit. Assignments/ Internal Tests (Continuous Evaluation)/ Mid-Course Feedback 16. The formal mechanism includes weekly assessments, midterm internal assessment through presentations, viva, practical examinations (wherever the nature of the course demands) class and home assignments, class tests and group discussions. 17. We have a continuous assessment system wherein performance of students and teachers will be continuously assessed to ensure that the stated objectives of curriculum are achieved in the course of implementation. 18. Based on the inputs from the teachers, we provide remedial classes to students where they find difficulty. 19. Mid-Course Feedback. Anonymous feedback for every paper is taken mid-course online through the CMS, which is shared with the faculty so that

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

1. DCSMAT incorporates the University Calendars start and end of semesters, university examination dates etc. and fine tunes it in the Academic Calendar alongwith its own dates for internals, model exams etc. Thus, CIE is ensured by scheduling the various internal tests, MCQs and assignments. 2. CIE is ensured through the following:-

- Daily attendance
- Grading the participation level of students
- Conduct of two/three internal tests for each paper.
- MCQ
- Model test at the end of each paper
- Minimum 4 assignments per paper.

3. Institution ensures that the stakeholders of the institution especially students and faculty are aware of the evaluation processes. 4. These are communicated to the students through the following means: -

- The evaluation method-consisting of evaluation policy, schedule, course plan and evaluation format are communicated to students in the Student Handbook along with other details of the course.
- This is also given out in the course plans of each course, which is uploaded in the CMS.
- The attendance state of students is exhibited on the notice board as well as accessible to students to see.
- Parents are kept informed of attendances through SMS and mail.
- The internal marks after finalization are displayed in notice board as well as sent by e mail to students.
- DCSMAT follows an objective way of evaluating the students and not subjective. These evaluation methods are further explained to the students during the induction program by the concerned faculty members.

5. The Internal Processes.

- The norms of University are strictly followed.
- A minimum of four tests are conducted for every subject for internal evaluation.
- Evaluation criteria are decided as per the university guidelines. The exact criteria are given in the student handbook as well as included in the course plan of each faculty.
- Institute ensures timely submission of exam forms, internal marks and evaluation reports.
- In order to ensure rigour, the mid-term tests are conducted under central arrangements, just as for university exams.
- The corrected internal and model exam answer sheets are given back to the students for clarification of doubts or rectification as necessary.
- The Examinations in Charge and Batch Coordinators maintain all data in soft as well as in hard copy.
- Internal marks are published on the notice board for cross checking by the students before forwarding it to the University. Grievances if any, are addressed.
- Evaluations of students are being done on a continuous basis through class assignments, MCQs, internal tests, class participation and presentations.
- Attendance, which forms part of the internal marks, are taken for every class. The weekly compiled attendance status is intimated to all students.
- Evaluation of Quality of Assignment and Question Paper Setting by External Resources. This is a best practice recently implemented to improve internal assessment. The assignments and internal test question papers as well as answer sheets, are randomly chosen and sent to a panel of external examiners

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

1. AIM Centre (Activity Integration and Monitoring Centre). One of the innovations evolved by the College is the AIM Centre. The AIM Centre is responsible for a centralized planning, monitoring and implementation of all academic and other activities of the college. All curricular, extra-curricular, admission and placement activities of the college are scheduled and monitored by the centre. This ensures that there is no clash of activity and that the entire syllabus and developmental programmes are fully covered. 2. Academic

Calendar Preparation. The Academic Calendar for every academic year is planned in a Central Academic Workshop during the month of May (usually) wherein all details regarding the broad academic schedule for the entire year, details of each paper / course, allocation of faculty to course/paper, vacation periods, summer project periods and related schedules are tied up. Based on the decisions taken during the Academic Workshop, the academic calendar is prepared and this is issued to the students and faculty well in advance of the academic year. The adherence to the academic schedule is discussed at every faculty meeting and at the end/beginning of each semester. The University Academic Calendar forms the basis of our Academic Calendar.

### CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

CASE STUDY - CONDUCT OF LUMINANCE 2017 Background 1. Luminance is an annual management festival conducted by DCSMAT. The event has been conducted every year in a reasonably good manner. When the time came to conduct the event in 2016, it was decided by the faculty and students, that it should be a mega event, one that should be the largest management festival conducted in South India. Relevance of Conduct of Luminance 2. DCSMAT believes that conduct and

participation of Management Festivals is experiential learning and imbibe the students with managerial skills to include:-

- Principles of management - planning, organizing, coordinating and controlling.
- Time management
- Financial planning
- Marketing and HR
- Team building
- Leadership
- Working under pressure etc

Organizing Committees 3. The idea was discussed in a faculty meeting held on 01.08.17, attended by a cross section of students. All were equally enthusiastic about making it a mega event. 4. Keeping in mind the other activities of the College, it was decided to conduct it over two days - October 13 14, 2017. The targeted participants were 1200 students and 100 colleges. 5. It was also decided in the meeting to immediately form a Core Committee. The composition was unanimously decided to be as under: -

- Chairman. Prof Thomas V George
- Members. Professors Baiju, Deepthi, Akhil and Vivek. Student Committees

6. The Core Committee immediately held a meeting with all MBA students. Student Coordinators were unanimously nominated by the students. Thereafter 19 sub-committees covering all areas such as accommodation, procurement, hospitality, games, culturals etc were constituted among the students. Preparations 7. The targeted participants and colleges were high by all standards. The logistics of ferrying such a large number to this far flung campus, accommodating them within the campus, feeding them for three days and on top of it, to conduct all programmes meticulously was a herculean challenge. 8. All rose to the challenge. The preparations had to commence immediately. Almost every three days review meetings were held. Following were the key points in the preparatory stage: -

- Decision making decentralized with reference to higher authorities on need basis only.
- Committees to be fully empowered.
- Faculty to guide only, and to ensure local regulations and laws and financial propriety were maintained.
- Budgeting left to the committees within the overall limits laid down. Fund collection drive to be ethical.
- Students were to ensue total discipline in the campus and ensure highest standards and professionalism in the conduct of various management games and other events.
- No outside participant should go back with a negative image.

9. The next few weeks saw feverish activity the faculty, staff and students working as a well-oiled machine, with participative management on all fronts. Conduct of the Event 10. The event was a spectacular success by any measure. Highlights: -

- Colleges participated - 176
- Students participated - 1802
- Total number of games organized - 18
