9 Organizational Chart

Feedback from Students:

Online Faculty feedback for each faculty is taken from Learning Management System (LMS) Moodle.

Outgoing students provide feedback by using an exit survey system in the college.

Regular feedbacks are also obtained by the SOP owners and passed on to the Principal and Group Director.

We also have suggestion boxes at various places so that the students can give their suggestions to the Principal.

Office of the Principal is always open to the students and faculty so that they can give the feedback/suggestions for improving the growth and development of the Institution.

In the middle and in the end of the semester feedback is taken in a structured format consisting of 10 major parameters pertaining to teaching- learning process.

This feedback is taken online in an anonymous manner.

The responses are subject to Data Processing and the results are analyzed by the HoDs and the Principal, and the feedback is communicated to the faculty members concerned wherever necessary, for any remedial action and improvement.

Students' feedback on value added programmes conducted (for example guest lectures, seminars, employability camp, etc.) is obtained at the end of the programme.

Feedback from Alumni:

Director Corporate Relations and Alumni Affairs (CR & AA0 who also heads the Placement & Training Cell in co-ordination with the batch coordinator collects feedback from alumni.

Director CR & AA, alongwith Faculty Coordinator for Alumni Affairs coordinates the annual alumni meet and alumni association related activities. On the Graduation Day also feedback on the attainment of Programme Educational Objectives and Programme Outcomes is collected from the graduates.

Employers' Feedback:

The Director, CR & AA is continuously in contact with the organizations in which students are placed. The feedback is obtained through the telephonic conversation and personal discussion with the HR Personnel and other senior officials of the organization and also through collection of details by sending a structured questionnaire. Feedback is also obtained by the alumni from their employers and sent to the departments.

Community Feedback:

The NSS Unit of the college has been actively involved in rendering services such as conducting awareness programmes in Environmental Protection, Health, First Aid and General Safety. Further, blood donation camps, literacy camps and teaching computer fundamentals to rural

children are some of the other activities.

The students collect the feedback of the people who make use of such services regarding the help availed by them, suggestion for improvement and scope for expansion. This feedback helps to improve the quality of service in the future camps.

Feedback from Parents.:

During PTA meetings, feedbacks on various aspects including curricular aspects are collected from the parents which will be discussed in the faculty council to improve course delivery

Feedback from Academic Peers and Industry:

The college development council members who are reputed academicians and industrialists give their feedback on the development and quality sustenance of the institution whenever they visit the campus and during GC meetings. Feedback is also obtained from industry experts who visit the college to give Guest Lectures, conduct Training Programmes, Workshops etc.

Feedback from Industries:

The Placement coordinator collects the feedback from the employers of students. Before the beginning of the course the concerned faculty for each course will make a presentation about the curriculum and course plan in front of an academician from a premier institute / a reputed figure from the industry and obtain his opinions and suggestions

Feedback from Academic Peers:

Occasions of formal and informal contacts among the academic peers are utilized for exchange of ideas about the relevance and success of the curriculum.

The Academic Council

The Academic Council which consists of the faculty and other external members will examine in detail the suggestions received from the various stakeholders. This Council aggregates and analyzes the feedback and thereafter will represent it to the university, so that the university can consider them during the revision of the syllabi.

The Council gives formal approval for the curriculum of add-on courses and in certain cases gives recommendations for changes in the curriculum of University

11

Grievance redressal mechanism for faculty, staff and students

Grievance Redressal Mechanism

1. The institute's grievance redressal mechanism addresses grievances of teaching, non-teaching staff and students.
2. Following mechanisms exist: -
 - (a) Suggestion Box

- (b) Student Ownership Program
- (c) Verbal feedback/suggestions through Batch Coordinators
- (d) Establishment of Committees such as Grievance Redressal Cell, Women Harassment Cell, SC/ST Cell
- (e) Counsellor
- (f) Online Complaint Management System. This online system has different tabs for different types of complaints such as Grievances, Maintenance of Hostels, Residences, Classes, Canteen, AIM Centre for scheduling related complaints, Accounts, Library, Systems and Wi-Fi support etc. The complaints are registered online and a registration number is automatically recorded. Automatically, mails are initiated to the concerned Depts and the complaints need to be addressed within set time limits. The system was developed in-house. URL: <http://cms.dcschool.net/Support/upload/>
- (g) . Open Forums, as and when required.
- (h) . Above all this, the Principal himself maintains a free flow of communication with all the teaching and non-teaching staff of the institute.

3. **Mechanism to Analyze the Nature of Grievances.**

The grievances are reviewed periodically by the Group Director and the Management. In fact, a copy of all grievances raised in the Complaint manager is sent to the Group Director and the Management. This is reviewed on a monthly basis.
